

PRINTING

For fast and efficient printing of records on a compact and lightweight printer designed for use in harsh environments.

DATA TRANSFER

For the easy up/downloading of data to a PC via cable or memory card for record keeping or invoice preparation.

SYSTEM UPGRADES

Many RDS instruments can be easily upgraded to a higher specification unit to increase capability.

SCANNER MODULE

For the quick and easy identification of operational categories directly into the instrument.

TELEMETRY

For remote one or two-way liaison with a site computer via radio communication.

DATA MANAGEMENT MODULE

A data handling system with extra references allowing increased traceability and bespoke printed data.

RDS offers a wide range of system extras to expand the functionality of your on-board weighing system

ENHANCEMENT COMPATIBILITY CHART						
Printing: For immediate printing of records for storage or customer use with a lightweight printer, designed for harsh environments.	✓	✓		✓	✓	
Data Transfer to PC: Via memory card, the load data can be transferred from the instrument to an office PC, for record keeping and data-handling processes.				✓	✓	
Telemetry: For one or two-way communication between loader and central computer. Allows customer and target load information to be sent to the loader and automatically returned once complete.				✓	✓	
Scanner Module: A fast and user-friendly information entry system, that can distinguish between references e.g. product, customer, bay, furnace or vehicle.					✓	
Data Management Module (DMM): An advanced load record management facility with improved search and storage functions, enhancing traceability.					✓	
System Upgrades: Many RDS instruments can be quickly and easily upgraded to a higher specification or further functionality.	✓	✓	✓	✓	✓	
	LOADLOG 500+	WEIGHLOG 200	LOADMASTER 800iX	LOADMASTER 8000iX	LOADMASTER 9000i	

For further details and information on the above system enhancements, please contact your regional distributor.

Note: Only instruments with enhancement capabilities are shown here.
